Following in Jesus' Footsteps

Do you follow in Jesus' footsteps? Do you do what Jesus would do in situations? We all want to get to Heaven and act just like Jesus. To show the love of Jesus I will be a role model. Jesus came to this world to be a role model and teacher to others. He showed us how to love God. I try to follow Jesus' footsteps by being a good role model to younger children. Younger children look up to older adults or kids, so I want to be one of those people younger kids look up to just like people look up to Jesus. I can also show my love to Jesus by brightening people's day. People have bad days, right? It's not fun to have a bad day and so I cheer people on and I help them get through the bad day they are having just like Jesus would. I should show respect to everyone. Jesus made each of us equally and He made sure that everyone is respected and taken care of that's on this earth. Jesus is working in us to help us to respect and show us how to be kind to everyone we meet and know. We know how to be like Jesus because He is in us! WE just have to find Him and show it!
