Love Your Neighbor as Yourself

Jesus and God love us so much
But yet we can't seem to touch
The thought that we need to love our neighbors as ourself
We're selfish, jealous, and hating
But no we're not concentrating
On the mission that Jesus gave us
Instead we hold grudges and fuss
When we just need to trust
That Jesus has a plan
To keep us safe in his hands
If only we would reach out to those in need
We could start to grow the seed
Of selflessness and humility
We could develop the ability
To care more about what's inside
Instead of the world punishing us on the outside
We use Instagram, Snapchat, and Facebook
When would should be focusing on the Good Book
So pay it forward everyday
Cause in the end that's God's way!
